KALINDO PROJECT

A NEW ADDRESS FOR LIFE IN BATAM

MARKET RESEARCH BASIS

THE MARKET THROUGH SIX DESTINATIONS

The review examines how competing destinations attract visitors, support repeat visits and extend time spent.

Common assessment framework

- Development maturity and positioning.
- Traffic generators and access.
- Anchor tenants and category mix.
- Everyday utility and leisure experiences.
- Programming and community participation.
- Occupancy evidence and operational continuity.
- Implications for Kalindo.

Evidence labels

Verified public information

Official directories, operator publications and documented activities.

Strategic interpretation

Our assessment of the commercial mechanism.

Validation required

Actual footfall, occupancy, rent, tenant sales and retention.

01 Pollux	02 Nagoya Hill	03 Grand Batam
04 Mega Mall	05 K Square	06 One Batam

BRIEF NOTES · PRESERVED VERBATIM

Visual: Enam competitor cards. Footer mencantumkan tanggal riset dan sumber.

POLLUX MALL BATAM CENTER

FUNCTIONAL VISITS SUPPORT EVERYDAY RELEVANCE

Public evidence

The official store list includes MAKO, J.CO, fashion brands, optical retailers and electronics. Immigration Batam also confirms passport and stay-permit services at the Pollux Immigration Lounge.

Source : https://polluxmalls.com/polluxhabibiemall-store-list/?utm_source=

Commercial interpretation

Services create a specific reason to visit.

Everyday F&B and retail can capture spending around that visit.

The mixed-use setting offers a potential local customer base.

Implication for Kalindo Project

Useful services should contribute to the district’s weekday relevance.

Further validation

Service-user conversion into tenant spending, weekday footfall and current vacancy.

POLLUX MALL BATAM CENTER

01 Useful services

02 Everyday F&B and retail

BRIEF NOTES · PRESERVED VERBATIM

Visual: Diagram sederhana hubungan service visit dengan café/retail. Jangan mengasumsikan captive residents otomatis menjadi pelanggan aktif.

NAGOYA HILL

A BROAD MIX SUPPORTS MULTIPLE VISIT MISSIONS

Public evidence

Nagoya Hill’s official website displays Hypermart, Matahari, cinema, F&B, electronics, optical and service brands. Its official description places the superblock within a surrounding concentration of hotels and commercial uses.

Source : https://nagoyahill.co.id/?utm_source=

Commercial interpretation

- Grocery supports routine visits.
- Shopping and entertainment create additional occasions.
- Dining and services allow several needs within one trip.
- Surrounding hospitality broadens the potential catchment.

Implication for Kalindo Project

Build several dependable reasons to return, supported by distinctive experiences.

Further validation

Comparable occupancy, tenant turnover, visitor origin and daypart performance.

SUPPLIED CITY REFERENCE · NAGOYA HILL

BRIEF NOTES · PRESERVED VERBATIM

Visual: Visit missions: groceries, dining, services, entertainment.

GRAND BATAM

CATEGORY BREADTH AND BRAND DISCOVERY

Public evidence

Grand Batam’s official directory covers anchors, F&B, fashion, beauty, electronics, home living, kids and services. The current directory highlights brands including Sociolla, Huawei, Smiggle, Skechers and Yakiniku Like. Grand Batam Mall

Commercial interpretation

- Recognisable brands support customer consideration.
- Multiple categories enable shopping and leisure within one visit.
- Promotions and changing tenant content provide additional discovery.

Implication for Kalindo Project

Select anchors that fit the intended customer and support neighbouring experiences.

Further validation

Current anchor roster, category area shares, repeat visits and tenant performance.

GRAND BATAM

01 Recognisable brands

02 Multiple categories

03 Promotions

BRIEF NOTES · PRESERVED VERBATIM

Visual: Category ecosystem.

MEGA MALL BATAM CENTRE

ACCESS CREATES A COMMERCIAL ADVANTAGE

Public evidence

Mega Mall confirms a bridge connection to Batam Centre International Ferry Terminal. Its website also publishes an October 2026 event calendar and culinary/community programmes.

Source : https://www.megamallbatam.com/?utm_source=

Commercial interpretation

Convenient access can capture visitors already moving through the area.

Retail and dining provide useful activities around travel.

Programming gives visitors additional reasons to spend time.

Implication for Kalindo Project

Regional demand requires a practical route to the destination: transport, booking and partner distribution.

Further validation

Ferry-passenger conversion, visitor origin, transfer friction and package demand.

MEGA MALL BATAM CENTRE

01 Convenient access

02 Retail and dining

03 Programming

BRIEF NOTES · PRESERVED VERBATIM

Visual: Ferry arrival, transfer, destination visit.

K SQUARE

PROGRAMMING ADDS REASONS TO VISIT

Public evidence

Disbudpar Batam documents the Wonderfood event at K Square on 9–17 April 2026, involving 40 businesses with culinary and entertainment activities. It also records a February 2026 film premiere at Cinépolis K Square.

Source : https://disbudpar.batam.go.id/2026/04/28/bazar-kuliner-dan-hiburan-wonderfood-ramaikan-k-square-mall-batam/?utm_source=

Commercial interpretation

- Events introduce changing content.
- Culinary and entertainment can attract different audiences.
- Successful activation needs conversion into surrounding tenant activity.

Implication for Kalindo Project

The Veranda needs a funded programme and operating team from the outset.

Further validation

Event-day uplift, ordinary-day traffic, net event contribution and current permanent tenant mix.

K SQUARE

01 Events

02 Culinary and entertainment

03 Surrounding tenant activity

BRIEF NOTES · PRESERVED VERBATIM

Visual: Permanent tenant activity dibandingkan dengan event-day activation.

Catatan: Kehadiran event membuktikan kegiatan berlangsung; belum membuktikan uplift atau profitabilitas.

ONE BATAM MALL

COMMUNITIES CREATE RECURRING OCCASIONS

Public evidence

Gattchaa’s own channels identify its One Batam Mall location. Official Pokémon event listings also document activities at that venue.

Source : https://linktr.ee/gattchaa?utm_source=

Commercial interpretation

Specialist tenants can host recurring participation.

A customer may return because an activity or community meets there.

Community activity can support visits beyond product purchases.

Implication for Kalindo Project

Seek tenants that bring customers and a repeatable activity calendar.

Further validation

Participation frequency, spending conversion, current mall mix and occupancy.

ONE BATAM MALL

01 Specialist tenants

02 Activity or community

03 Return occasion

BRIEF NOTES · PRESERVED VERBATIM

Catatan: Konsep awal alfresco/marketplace merupakan historical positioning. Jangan menganggap semua ambisi awal sudah berjalan penuh.

COMPETITIVE LESSONS

SIX COMMERCIAL MECHANISMS TO LEARN FROM

Strategic interpretation

based on the preceding evidence.

Competitor	Mechanism to study	Application for Kalindo
Pollux	Useful services and everyday visits	Functional tenants that support local routines
Nagoya Hill	Several visit missions	A balanced mix of necessity and leisure
Grand Batam	Brand discovery and category breadth	Selective anchors with customer relevance
Mega Mall	Convenient tourism access	Transport and distribution partnerships
K Square	Changing event content	A managed calendar for The Veranda
One Batam	Specialist community participation	Tenants with recurring activities

KALINDO’S COMPETITIVE OPPORTUNITY

A CONNECTED DAY IN BATAM

Kalindo can bring everyday utility, culinary discovery, family participation and hospitality together around a recognisable public heart.

The opportunity lies in making movement between these activities comfortable and worthwhile.

The proposed advantage

- Useful enough for regular local visits.
- Distinctive enough for culinary and leisure discovery.
- Comfortable enough to extend time spent.
- Organised enough to support events and regional packages.

SUPPLIED CONCEPT VISUAL · APPROVAL STATUS UNVERIFIED

BRIEF NOTES · PRESERVED VERBATIM

Visual: Visitor journeys yang bertemu di The Veranda.

REMAINING MARKET VALIDATION

PUBLIC RESEARCH ESTABLISHES THE DIRECTION. FIELDWORK TESTS THE ECONOMICS.

Question	Required evidence
Which periods need stronger demand?	Comparable weekday/weekend observations
Which categories remain underserved?	Customer interviews and operator feedback
Which tenants can perform here?	Catchment assessment and sounding
What rents are achievable?	Comparable terms and operator responses
Which regional offers are bookable?	Travel/hotel partner discussions
What sustains occupancy?	Vacancy, turnover and lease-renewal evidence

BRAND POSITIONING

BATAM’S TROPICAL LIFESTYLE DISTRICT

For Batam residents and regional leisure visitors, this place brings everyday essentials, culinary discovery, family experiences and hospitality into a comfortable, walkable setting centred on The Veranda.

Working market position

Middle-to-upper lifestyle with welcoming service and a considered range of prices.

Brand promise

More to discover. More reasons to stay.

BRIEF NOTES · PRESERVED VERBATIM

Catatan: Bobot sport, wellness, grocery dan entertainment tetap mengikuti hasil sounding.

COMPETITIVE PROPOSITION

EVERYDAY RELEVANCE. SHARED EXPERIENCES.

SUPPLIED CONCEPT VISUAL · APPROVAL STATUS UNVERIFIED

01

Everyday tenants create dependable reasons to visit.

SUPPLIED CONCEPT VISUAL · APPROVAL STATUS UNVERIFIED

02

Culinary and leisure experiences encourage discovery.

SUPPLIED CONCEPT VISUAL · APPROVAL STATUS UNVERIFIED

03

The Veranda brings people together through a changing calendar.

SUPPLIED CONCEPT VISUAL · APPROVAL STATUS UNVERIFIED

04

Hospitality allows the experience to extend into a stay.

BRIEF NOTES · PRESERVED VERBATIM

Visual: Empat commercial roles dengan bukti ruang dan layanan.

TENANT MIX PRINCIPLE

EVERY TENANT HAS A ROLE IN THE VISIT

Role	Commercial contribution
Destination anchor	Gives people a specific reason to choose Kalindo
Frequency anchor	Supports recurring visits
Dwell anchor	Extends time spent
Spend extender	Encourages an additional purchase
Community tenant	Hosts repeat participation
Supporting tenant	Serves needs around the main activities

A tenant may serve several roles.

PROPOSED CATEGORY FRAMEWORK

A BALANCED MIX FOR LIFE THROUGHOUT THE DAY

Category	Primary role	Planning priority
Destination dining and everyday F&B	Attraction, dwell and spending	Very high
Family activities and learning	Frequency and shared visits	Very high
Grocery and everyday services	Routine local visits	High
Sport and active lifestyle	Membership and scheduled participation	High, subject to operator fit
Social entertainment	Evening and group visits	High
Wellness and recovery	Service visits and complementary spending	Test demand and space needs
Curated lifestyle retail	Discovery and supporting purchases	Selective

BRIEF NOTES · PRESERVED VERBATIM

Visual: Category cards.

CULINARY ANCHORS

A FEW STRONG REASONS TO COME FOR FOOD

Initial sounding should test a small group of complementary concepts:

- Indonesian destination restaurant.
- Seafood dining experience.
- All-day social dining.
- Café and bakery.
- A rotating chef or culinary collaboration format.

Space considerations

Garden frontage, kitchen and exhaust, loading, waste handling, acoustic impact and practical terrace operation.

Commercial test

Can the concept attract its own customers and support neighbouring activity?

SUPPLIED CONCEPT VISUAL · APPROVAL STATUS UNVERIFIED

BRIEF NOTES · PRESERVED VERBATIM

Visual: Culinary frontage di sekitar The Veranda.

FAMILY ANCHORS

ACTIVITIES THAT FAMILIES CAN BUILD INTO THEIR ROUTINE

Potential operator profiles:

- Indoor discovery/play.
- Creative learning studio.
- Scheduled academy or classes.
- Family activity operator.

Experience relationship

Child activity connects with nearby cafés, retail and family dining.

Operating requirements

Supervision, age groups, drop-off rules, toilets, stroller access and safe circulation.

SUPPLIED CONCEPT VISUAL · APPROVAL STATUS UNVERIFIED

BRIEF NOTES · PRESERVED VERBATIM

Visual: Family cluster adjacency. Frekuensi kunjungan berasal dari jadwal operator, bukan angka asumsi umum.

SPORT, WELLNESS & RECOVERY

RECURRING PARTICIPATION WITH COMPLEMENTARY SERVICES

Category	Role to test	Key requirement
Fitness club	Membership frequency	Catchment, equipment and operating hours
Boutique studio	Scheduled classes	Appropriate room sizes and customer pricing
Racket/activity operator	Group participation	Clear height, structure, noise and access
Recovery/physiotherapy	Repeat service visits	Operator capability and customer demand
Spa/wellness	Local and hotel spending	Privacy, acoustics and service economics

BRIEF NOTES · PRESERVED VERBATIM

Visual: Activity-to-café relationship, dengan quiet buffer menuju hotel/wellness.

EVERYDAY & SOCIAL ANCHORS

REASONS TO RETURN, AND REASONS TO CONTINUE THE EVENING

Everyday candidates

Specialty grocery, personal services and selected useful retail.

Social candidates

Participatory games, hobby concepts, social dining and managed performance formats.

Selection principle

Each concept must fit the customer, available space and surrounding uses.

SUPPLIED CONCEPT VISUAL · APPROVAL STATUS UNVERIFIED

BRIEF NOTES · PRESERVED VERBATIM

Visual: Grocery morning dan social evening.

Catatan: Cinema tetap dapat diuji bila ada operator demand. Keberadaan cinema di kompetitor tidak otomatis membuatnya tidak layak.

TENANT ADJACENCY

THE MIX WORKS THROUGH ITS CONNECTIONS

Relationship	Intended outcome	Design implication
Family activity + café/dining	Parents spend time nearby	Safe, convenient access
Sport + café/recovery	Additional visits after activity	Compatible hours and frontage
Grocery + useful services	Several needs within one trip	Easy access and visible connections
Hotel + culinary	Guest spending across the district	Clear public/private transition
The Veranda + dining	Event activity supports tenants	Frontage, seating and access
Wellness + hotel	Convenient quieter experiences	Acoustic and privacy buffers

BRIEF NOTES · PRESERVED VERBATIM

Visual: Annotated zoning map.

ANCHOR AREA CHECK

SPACE ALLOCATION FOLLOWS OPERATOR REQUIREMENTS

Current working figures from the feedback document.

Item	Alternative 1	Alternative 2
Anchor area at ground level	1,880 m²	2,185 m²
Anchor area at P1	1,880 m²	2,185 m²
Combined anchor allocation	3,760 m²	4,370 m²

The commercial team must test whether operators require one large unit, several subdivisions or a connected multi-level format.

Validation points

Independent access, loading, visibility, vertical connection and technical fit.

BRIEF NOTES · PRESERVED VERBATIM

Visual: Kedua opsi dengan anchor allocation ditandai. Jangan menganggap dua lantai otomatis cocok untuk satu operator.

INITIAL SOUNDING PLAN

TWENTY FOCUSED OPERATOR CONVERSATIONS

Proposed outreach allocation.

Category	Conversations
Culinary	5
Family and learning	3
Sport and fitness	4
Wellness and recovery	3
Grocery	2
Social entertainment	3
Total	20

20

The first round tests interest and requirements before formal leasing proposals.

BRIEF NOTES · PRESERVED VERBATIM

Visual: Priority pipeline.

Catatan: Ini target conversations, bukan jumlah tenant final atau bukti minat.

SOUNDING MATRIX

INTEREST BECOMES A COMMERCIAL REQUIREMENT

Capture for each operator:

- Interest level and target customer.
- Preferred area and location.
- Indicative rent and total occupancy cost.
- Lease structure and duration.
- Technical and opening requirements.
- Fit-out responsibilities.
- Main concerns and decision timeline.

Required output

A traceable operator matrix with dates, contact details and supporting records.

Interest level and target customer.	Preferred area and location.
Indicative rent and total occupancy cost.	Main concerns and decision timeline.

BRIEF NOTES · PRESERVED VERBATIM

Visual: Contoh satu baris matrix. Hindari label “Done” tanpa hasil yang dapat ditinjau.

LEASE STRUCTURE

COMMERCIAL TERMS REFLECT THE OPERATOR MODEL

Model	Potential application	Validation
Fixed rent	Established retail and service operators	Affordability and comparable terms
Minimum guarantee + turnover rent	Selected F&B and experience concepts	Sales reporting and agreed calculation
Revenue share	Selected operating partnerships	Risk allocation, costs and audit rights
Short-term licence	Pop-ups and activation	Inventory, booked days and operating rules
Strategic partnership	Tourism and distribution	Acquisition cost and contribution

BRIEF NOTES · PRESERVED VERBATIM

Visual: Commercial model table.

Catatan: Anchor lease duration harus dibahas bersama investasi fit-out, break clauses, opening obligations dan operator capability.

TENANT SELECTION & PHASING

AN OPENING MIX THAT CAN OPERATE AS A DESTINATION

Selection criteria

Customer relevance, operator capability, commercial contribution, technical fit and willingness to participate.

Phase-one priorities

A complete everyday visit, a credible culinary offer, family activity and a functioning The Veranda.

Later additions

Categories that need stronger demand evidence or specialist infrastructure.

SUPPLIED CONCEPT VISUAL · APPROVAL STATUS UNVERIFIED

BRIEF NOTES · PRESERVED VERBATIM

Visual: Phase-one experience map.

Catatan: Jadwal final mengikuti controlled masterplan, QS dan tenant readiness.

REVENUE SCENARIOS

THREE SCENARIOS, BUILT FROM THE SAME INVENTORY

Scenario	Working basis
Conservative	Slower occupancy, lower achieved rents and lower activation utilisation
Base	Current assumptions, adjusted as evidence becomes available
Upside	Supported improvements in occupancy, rent and commercial utilisation

Bottom-up additional revenue

Events: available booking slots × booked share × fee.

Media: assets × rate × sell-through.

Activations: locations × booked days × rate.

Sponsorship: contracted packages and recognised period.

Tourism: fulfilled bookings × net fee or commission.

BRIEF NOTES · PRESERVED VERBATIM

Catatan: Pendapatan event, sponsorship dan activation harus dicek agar tidak menghitung paket yang sama dua kali. Inventory amphitheatre pada feedback perlu diselaraskan dengan The Veranda dan layout terbaru.

THE VERANDA ECONOMICS

PROGRAMMING NEEDS A NET CONTRIBUTION

Evaluate each programme through:

Item	Measure
Direct income	Tickets, rental, sponsorship or participation fees
Direct cost	Production, staffing, security, cleaning and utilities
Tenant contribution	Participation and measurable commercial uplift
Destination benefit	Repeat participation and new visitor acquisition
Space impact	Access, disruption and displaced activity

Free community programmes require a defined budget and purpose.

BRIEF NOTES · PRESERVED VERBATIM

Visual: Event contribution worksheet, tanpa revenue target yang belum tervalidasi.

OPEX & RETURN VALIDATION

THE INVESTMENT CASE FOLLOWS VERIFIED OPERATING ASSUMPTIONS

OPEX should reflect manpower, shifts, technical loads, service standards, contracts and the programming calendar.

The feedback’s working NOI and construction investment imply approximately:

Metric	Alternative 1	Alternative 2
Annual NOI	Rp22.835bn	Rp20.929bn
Construction investment	Rp278.947bn	Rp259.378bn
NOI ÷ construction investment	8.19%	8.07%

BRIEF NOTES · PRESERVED VERBATIM

Catatan: Rasio ini merupakan perhitungan sederhana dari angka feedback, bukan IRR atau return atas total project cost. Angka “10–11% return” perlu dijelaskan metrik dan basisnya sebelum dibandingkan.

Closing copy

LIFE COMES TOGETHER.
THE VERANDA BRINGS IT INTO VIEW.
